### STUDENT LED CONFERENCES – APRIL 3RD

Our student led conferences will take place on Thursday April 3<sup>rd</sup> in the pm and evening. Teacher's have PD in the am so no students.

You can sign up here: <https://schoolinterviews.ca/code/a98jx>

We will be closing the sign up tomorrow at 11am.

There will be up to 4 families in at the same time. Your child will be sharing their learning, maybe playing a game with you, and talking about their learning. It is an exciting time!

The parking lot may be busy so please plan accordingly.

### AFRICAN HERITAGE ASSEMBLY

We hosted our African Heritage Assembly on March 27<sup>th</sup>. Classes did a wonderful job of highlighting different African Canadians including Paul Adams Jr, Wendie Williams, and more. We were very lucky and Paul Adams Jr surprised the students and

came to the assembly! Paul Adams Jr not only created the LEGACY poster for this year's African Heritage Month 2025 but also is the graphic designer who brought to life our school logo back in 2023!

### FROM OUR HEARTS TO YOURS

**We asked, they shared—and now we're celebrating the moments that made our passionate staff proud this term.**

"Students are becoming more confident in sharing their work and learning from mistakes. Their writing has improved greatly, and my developing readers are making steady progress. Those working on growth mindset are showing resilience and problem-solving skills. Fact fluency has become a favorite part of our day."

"My students are rocking fact fluency. Students are able to use and discuss strategies and it has positively impacted all facets of their Math this year."

"I am incredibly proud of the growth my students have demonstrated and their willingness to take risks in their learning. It is rewarding to see them feel safe and supported in exploring their curiosities, which has fostered a positive and open learning environment. I have observed how this openness to learning enhances their engagement and confidence."

"How much the Little Spot Program has helped my students with their social emotional learning the past two months"

"Just how keen, dedicated, and hardworking the skipping club members are! There are a number of grade 6 students that consistently show up first thing in the morning in the gym to help get set up for the day."

## APRIL

Our staff work hard **everyday** in support of our beautiful and brilliant students! How lucky we are to have such an incredible team! ❤️

### PTO MERCHANDISE BINGO- APRIL 17<sup>TH</sup> 6-8 pm

B-I-N-G-O and fun is the game-o!

Join us for a night of number-calling, prize-winning, and all-around fun with friends and families. Laughter guaranteed, good times expected!

Notices went home on Monday inviting families to donate based on the theme for their class.

The grand prize will be 1 night at a local Hotel!

We are looking for volunteers – especially with set up and tear down.

We will also be running another Rafflebox 50/50 soon. More details to follow. Check out the CRES PTO Facebook page for more info.

### Recipes in a Jar

We asked and you responded! We sold 147 jars! Thank you!

We are now waiting for a date on when your Recipes – in-a-jar will be ready and then we will set up an afternoon/evening for you to pick them up. A reminder that we are not sending the jars home with students to prevent any accidents.
